FLORIDA SCENIC HIGHWAYS PROGRAM

The **Florida Scenic Highways Program** was established to showcase the outstanding intrinsic resources (cultural, historic, archaeological, recreational, natural and scenic) that can be found along Florida's highway system.

Our byway collection includes 27 **state designated scenic highways**. Of these, six are further designated at a federal level as **National Scenic Byways**. The Florida Keys Scenic Highway and A1A Scenic & Historic Coastal Byway are designated as **All-American Roads**, judged to have unique features which are nationally significant, and a tourist destination in themselves.

The program is a grass-roots effort to heighten awareness of these resources which enhance the overall traveling experience in Florida.

In 2021, we added a new **All-American Road** and two new **National designations** to our byway collection! We have numbered our byway map in order of each byway's initial designation date. On the calendar, these "Byway Birthdays" are marked for celebration. For more information, visit FloridaScenicHighways.com.
