

Heritage Crossroads Miles of History

In 2008, 98 miles of Flagler County roads were designated as a Florida Scenic Highway, Florida's first heritage highway. Since that time this advocacy group has worked diligently to implement its mission of community education, resource enhancement and protection of the region's heritage resources. Our defining values involve promoting an appreciation for the history of Flagler County, economic development of the region to build a vibrant local economy, a desire to ensure that future generations understand their roots, and maintaining partnerships with other community advocacy groups having similar interests.
