Halifax Heritage Byway

An American Tapestry

The story of the Halifax River region of Volusia County is a story of freedom, growth, vision and challenge for the pioneers who came to this area in search of opportunity. The proposed name of this scenic highway corridor, *Halifax Heritage Byway – An American Tapestry* is apt, because the segments of roadway are the threads that tie this diverse community together. The entire 35 miles of this Byway embrace the people, places, stories and events that make up the long history of the Halifax River region of Volusia County.
