## ABOUT THE FLORIDA SCENIC HIGHWAYS PROGRAM

Our byway collection includes 27 state designated scenic highways. Of these, six are further designated at a federal level as National Scenic Byways.

The Florida Keys Scenic Highway and A1A Scenic & Historic Coastal Byway are designated as All-American Roads, with unique features which are nationally significant. These roads have been judged to be destinations in themselves.

The program is a grassroots effort to heighten awareness of intrinsic resources (historical, cultural, recreational, archaeological, natural, and scenic) which enhance the experience for byway travelers.

Program participation provides significant benefits to each byway's region, including resource preservation, scenic enhancement, and economic development.
